SIR,

I have the honor to invite a kind reference to Government Notification No.10734/Ml.111-09-10 dated the 4th June 1910 withdrawing Notification No. 9749/Ml. 192-08-17 dated the 5th April 1909 IN RE the acquisition of certain properties in Dewan Surappa's lane III-Division, Bangalore City, for opening a conservancy lane The matter however is kept alive by frequent representations as to the necessity for a conservancy lane here I inspected the locality on 21-6-1913, and found it in a very insanitary condition owing to the congested state of the buildings and the existence of a large number of cess pits and thought that the opening of the conservancy lane was really necessary. The question was brought up again for consideration by the present Health Officer, the Municipal City Improvement Committee and the full Council and they are all of opinion that the conservancy lane should be opened in the interests of sanitation of this highly congested and insanitary

My Dear Sir

With reference to your Letter No. 286 dated the 20th March 1914 proposing the acquisition of only a part of Debbur Rudrappah's house in Dewan Surappah's Lane in the City, I am desired to point out that under Sec 49 Cl (1) of the Land Acqn Regn, Rudrappa has the option to insist on the acquisition of his whole house, and that, if he should elect such course, the Govt will have to make a heavy claim, for compn, & to consider whether this aspect of the question has been considered by the Govt Council

My Dear Sir,

Adverting to your D.O. No. 6720 dated the 27th February 1915 regarding the proposal of the Municipal Council to acquire the property of Dibbur Rudrappa for opening a conservancy lane, I beg to state that after the receipt of your letter No. 11014/Ml. 96-13-13 dated the 4th May 1914, a scheme was prepared for the acquisition of the entire house No. 9 of Dibbur Rudrappa as per plan and valuation statement marked B and C submitted herewith. The scheme included also a suggestion to use the land remaining after opening the conservancy lane, for putting up a public urinal. When this scheme, which was estimated to cost Rs 2794-8-0--Vide statement marked C -- was placed before the Council at their meeting held on the 29th August 1914, they thought that because (1) plot A.B.C.D - Vide Sketch B, measuring 62½' x 40' was big enough for an independent dwelling house and the party might therefore be willing to retain it and cannot rightly demand its acquisition, (2) plot E.F.G.H. measuring 43' x 5½' would form a convenient open space to be added on to the open space belonging

to

21

to his new house No. 8 on the south, these two portions need not be acquired, but only the portion B.E.H.C which is required for the conservancy lane proper need be acquired and the Council resolved accordingly. I may, therefore, state that the Council were aware of the full value of the property and have considered the question in all its bearings.

In this connection I enclose copy of petition dated the 4th March 1915 received from M. Narasimha Sahuji one of the residents of the locality who are all anxious for the opening of the proposed conservancy lane.

I remain
Yours sincerely,

Honorary President.

I beg to inform you with regards the house tax bill which herewith is attached, in which it is mentioned privy tax 0-11-2 for which there is no daily conservancy at all to my house, above said. But there is (big pit) that to, it will be removed once in two years or so. For same yourself, Health Officer, and many others has come many times to my house for this purpose in order to make a conservancy lane between Siddarammappa and Diburveersetty, for daily removal and this your honour and others will know very well about same. I and other 4 or 5 houses in the same lane will feel defect for not having daily removal and for same reason I and others has come often to your office, for want of conservancy lane, to be put. Otherwise it is very difficult to remove once in all and also we suffer sickness from same. Whenever I come to your office, clerks and others will say order has come from the Government to put an conservancy lane and the same will be done shortly. I hear the same reason from your office always. Therefore I request your help to kindly arrange for putting the conservancy lane as early as possible within few days or else your honour may come and see the difficulties of same which we feel N.B. According your house tax bill which menticned 0-11-2 tax of daily conservancy, I am not accustomed to pay the same so far the daily removal, therefore (the same) it must be rejected I hope and have believed very much the daily conservancy lane will shortly from your favour and oblige.
